“The advent of new statutes and changing regulations requires constant vigilance and careful attention by those who appreciate the importance of staying current in their representation of clients. That is the beauty of this treatise. Almost no topic of interest, especially to those who have a litigation practice, has been overlooked. Each of the 25 topics has been covered in depth. It can be used as a handy reference as the need arises.” – **Hon. Ruby Kless Sondock**

“This Fifth Edition of our Texas Business Litigation treatise is dedicated to Stephen D. Susman. Cognizant there are no words to describe the loss for many, personally and professionally, we sought to capture his irrepressible spirit via an amalgamation of descriptive words for truly a sui generis fellow lawyer. Further, we articulate below why his April 2020 inquiries about innovating, navigating and litigating through the novel COVID-19 virus in his Civil Jury Project at NYU School of Law Newsletter were the impetus for the special aspect added to this Edition—each contributing author’s assessment of the impact of the COVID-19 pandemic on their area of expertise. Moreover, we explore two select arenas, of the many others not feasible to address in this dedication, where Steve’s legacy and imprimatur are palpable and everlasting.” – **Sofia and Caroline**
